CITY OF LANCASTER: Wednesday Evening, Nov. 3, 1825 THE RESULT OF THE BLECTION.—We have before us a mass of telegraphic intelligence from which we would infer that Pierce has been elected President by a large majority

We may state, however, that New York. Pennsylvenia Manual Counties are countied in a few ever, that New York, Pennsylvania, Mary- will be given, to which the public generally are inland, Virginia, Ohio, Michigan and Louisiana have in all probability elected the Locofoco ticket. From other States, with the exception of Massachusetts, which has probably gone for Scott, we have no satisfactory returns. The result has disappointed, but not surprised us. Faction has ruled the day; have been employed with success by the leaders of Locofocoism; and we have to record the defeat of Gen. Scott by such a man said day.

It is an erroneous idea that disease cannot be curred except by taking large quantities of neglicines into the stock, in great many cases of which much first the stock, in great many cases of which much first the stock in great m paid off. But a levy was made upon the officers and crew to the amount of four thousand dollars, and that sum was actually retained from them by a Locofoco, for the benefit of a certain Locofoco at the city of Washington, on the ground that it was by his efficient labors that the law was passed

Here is a fine exhibition of Locofoco patriotism, and love for the poor sailors! Mr. Kennedy is entitled to the thanks of honest men of all parties for his prompt and efficient interference. He will not be forgotten by the men he has thus protected.

MR. W. S. O'BRIEN .- The Dublin Free-

Ma. W. S. O'Brien.—The Dublin Free-man publishes the following extract of a letter from Mr. O'Brien, in which that gentleman says:

"I am in good health, but my existence here is 'weary, flat, stale, and unprofitable—barren lin'regard of present enjoyment, still more barren in regard to hope for the future. Nevertheless, I endure life with unrepining patience, content to wait for such changes in my destiny 'as the'progress of events' and the will of God may evolve."

Sad Accident.—The community were startled about noon on Saturday, with the rumor that the house of Elias Word, on Brockport-street, had fallen and crushed nearly the whole family! On proceeding to the scene of the disaster, we found that the kitchen floor above—beams, joists and plaster lay in one mass upon the floor beneath, and presenting a heap of ruins. The eldest daughter was released from the fallen mass considerably injured—her right hand being severely burned. A younger daughter resonance in the second of the disaster.

Her injuries internally were evidently severe, as she vomited blood. Lanca-ter, July 30, 1852 Inw2md NOTICE TO MY FRIENDS.

A Sthe track of the Rail Road passes through my land and many persons, ladies, gentlemen and children, in large numbers anxious to see the work, without thought, pass through the gates, leaving them open so that the horses and cattle get away, and the constant passing through the fields tramps down the grass, subjecting me to much atmoyance—This is most respectfully to request all my friends who may wish to visit the work, to take the track of the Rail Road near Ring's mill and return that way. This will give them no additional trouble and save me much. My willingness to gratify the public in any reasonable way. I think will not be doubted, and I trust in this respect a word to the well-disposed will be sufficient.

Most respectfully, D. TALLMADGE.
